hi everyone,
thanks yue, charlotte & paul for filling out your availability on the doodle :) i've now got something on my tuesday morning, so at the moment the only time that everyone can make is wednesday 22nd, 8pm nz time (10am for me).

shall we make that be the meeting time? vicki, does this work for you???

& next question is where to meet; unfortunately our server is still down (paul - even the website has not come back since douglas restarted it again ... do you have any idea when you might be able to get it back up? i have people wanting to look at it ...)

is the AUT UpStage server accessible to us & can we use that again?

h :)

Hi everyone,

AUT UpStage server will be available for our meeting at 8pm on Wednesday, 22nd .
upstage.aut.ac.nz:8081 and 8083 will be available by the time.

AUT UpStage server is sometime not available to public due to the network constraint on our end. We will keep refreshing the server network connection whenever we come to uni and before we leave town.

We will double check the server's status tomorrow.

Sincerely

Yue

Cheers from the AUT UpStage team

great. it looks like at least 3 of the aut team can also do wednesday (altho charlotte has responded twice, once with a maybe & once with a no ...) & paul can also do this time, so let's make it wednesday definitely.

see you all then on the AUT server :)
