hi everyone,
thanks for another great meeting today team :) the log is attached & here are some key points:

- the students are waiting for feedback from anne on their proposal
- paul has upgraded the upstage.org.nz server to debian 7 & is working on restarting the UpStage
  instances & installing v3.4 on 8083 (yay!)
- discussion about port numbers - need to note this in the installation manual, that port availability
  should be checked & decided on before beginning an install
- yue reported that making hyperlinks clickable in the text chat will require quite a bit of work so we
  agreed that this is not a priority

& we agreed to meet again on wed. 13th may, 8pm nz time (10am for me); server/stage to be advised -
maybe the same, or maybe 8083 on upstage.org.nz …

good luck with your exams!
h :)

Hi Helen,

Thanks for the notes.

See you all on the 13th next month :)

Kind regards
Yue

Cheers from the AUT UpStage team
